A. REISSUANCE AND PURPOSE

This Directive reissues reference (a) and establishes a system to identify and manage the number and size of Management Headquarters and Headquarters Support activities in the Department of Defense.

B. APPLICABILITY

This Directive applies to the Office of the Secretary of Defense (OSD), the Military Departments, the Chairman of the Joint Chiefs of Staff, the Combatant Commands, the Inspector General of the Department of Defense (IG, DoD), the Defense Agencies, and the DoD Field Activities (hereafter referred to collectively as "the DoD Components").

C. DEFINITIONS

1. **Management Headquarters and Headquarters Support Functions.** Those functions and the direct support integral to their performance that are involved in the management of the programs and operations of the Department of Defense, the DoD Components, and their major military units, organizations, or agencies.

a. **Management.** Refers to exercising oversight, direction, and control of subordinate organizations or units through: (1) developing and issuing policies and providing policy guidance; (2) reviewing and evaluating program performance; (3) allocating and distributing resources; or (4) conducting mid- and long-range planning, programming, and budgeting. Functions performed in executing these management responsibilities are referred to as Management Headquarters functions.

b. Direct Support. Refers to professional, technical, administrative, or logistic support that is performed in, or provided directly to, a Management Headquarters and is essential to its operation. Direct support includes both staff support (such as providing policy or program analysis or formulating policies, plans, and programs for a Management Headquarters) and operating support (such as providing secretarial, typing, editorial, or Automated Data Processing (ADP) services to a Management Headquarters). Direct support does not include specific products or technical and operating-type services that are provided on a DoD or Component-wide basis (such as payroll services or personnel records and assignment functions), or base operating support functions provided by a host unit to all tenant organizations. Functions performed in providing direct support to a Management Headquarters are referred to as Management Headquarters Support functions.

2. Specific Management Headquarters and Headquarters Support functions are defined in enclosure 1.

D. POLICY

1. DoD organizations that perform Management Headquarters or Headquarters Support functions, or a combination thereof, as a substantial portion of their mission, shall be identified as DoD Management Headquarters and Headquarters Support activities. This applies when more than 25 percent of the work performed by an organization is devoted to the accomplishment of such functions. DoD organizations currently identified as Management Headquarters and Headquarters Support activities are listed in enclosure 2.

2. DoD Management Headquarters and Headquarters Support activities shall be organized and staffed in a manner that permits the effective accomplishment of assigned responsibilities with a minimum number of personnel. To provide a framework for implementing this policy, the Department of Defense shall maintain:

a. A DoD-wide definition of Management Headquarters and Headquarters Support functions.

b. An approved list of Management Headquarters and Headquarters Support activities.

c. A common method of accounting for Management Headquarters and Headquarters Support personnel authorizations.

3. Management Headquarters or Headquarters Support functions may not be established or transferred outside a Management Headquarters or Headquarters Support activity for the purpose of circumventing the personnel accounting and reporting provisions of this Directive.

4. Multiple authorization documents, dual hatting, or other special personnel accounting devices may not be used to distort the true strength or structure of Management Headquarters or Headquarters Support activities.

E. RESPONSIBILITIES

1. The Director of Administration and Management, Office of the Secretary of Defense shall:

a. Determine the composition of, maintain, and monitor the official list of, DoD Management Headquarters and Headquarters Support functions in enclosure 1 and the list of DoD Management Headquarters and Headquarters Support activities in enclosure 2.

b. Conduct periodic reviews to ensure that the DoD Components are accurately identifying and accounting for Management Headquarters and Headquarters Support activities in accordance with the criteria established in this Directive.

2. The Under Secretary of Defense for Personnel and Readiness shall review manpower levels and issue guidance on personnel authorizations for DoD Management Headquarters and Headquarters Support activities.

3. The Heads of the DoD Components shall:

a. Efficiently organize and staff the Management Headquarters and Headquarters Support activities within their respective Components.

b. Designate a single office to implement the guidance contained in this Directive and coordinate matters regarding control of the number and size of Management Headquarters and Headquarters Support activities.

c. Maintain a management information system, in coordination with the Under Secretary of Defense for Personnel and Readiness (USD(P&R)) and Director of Administration and Management, Office of the Secretary of Defense (DA&M, OSD), that identifies the number and size of Management Headquarters and Headquarters Support activities.

(1) As a minimum, this system shall be capable of maintaining strength data for each Management Headquarters and Headquarters Support activity by organization and category of personnel (military and civilian), in accordance with the guidelines at enclosure 3.

(2) This data shall be reflected in:

(a) The Future Years Defense Program (FYDP). Defense Planning and Programming Category program element codes ending in "98" shall be reserved for this purpose. Organizations not designated as Management Headquarters or Headquarters Support activities by this Directive shall not use program element codes that end in "98."

(b) The PB-22 budget exhibit submitted to the OSD in accordance with the requirements of the budget cycle.

d. Report Management Headquarters and Headquarters Support personnel strength in their FYDP and PB-22 budget submissions as follows:

(1) The Secretaries of the Military Departments shall account for:

(a) Military and civilian personnel in organizations under their control.

(b) Their Department's military and civilian personnel in international military organizations and the Combatant Commands, except for those in the U.S. Special Operations Command (USSOCOM), which shall be reported separately by the Commander-in-Chief, USSOCOM.

(2) Heads of other DoD Components shall account for military and civilian personnel in organizations under their control.

e. Conduct surveys or studies and establish administrative controls to comply with this Directive.

f. Cooperate and coordinate, particularly in the case of joint activities, with other DoD Components in the exchange of Management Headquarters and Headquarters Support data.

g. Ensure that the list of DoD Management Headquarters and Headquarters Support activities for their respective Component remains accurate by notifying promptly the DA&M, OSD, of all organizational changes effected by the Component that require a revision to the list.

h. Ensure that supplemental data is made available to the DA&M, OSD, and USD(P&R), as requested, in accordance with DoD Directive 8910.1 (reference (b)) and DoD Directive 8320.1 (reference (c)).

F. EFFECTIVE DATE

This Directive is effective immediately.

MANAGEMENT HEADQUARTERS AND HEADQUARTERS SUPPORT FUNCTIONS

A. Purpose

Organizational and management arrangements and command relationships differ greatly among the DoD Components. A strict DoD-wide Management Headquarters comparison based on similarity of mission, title, organizational level or other superficial comparison is, therefore, inadequate to ensure DoD-wide comparability in identifying and accounting for DoD Management Headquarters activities. The organizational elements of the headquarters structures of the various DoD Components must be included or excluded from Management Headquarters accountability based on an analysis of their respective functions and the manner in which these functions are performed within each Component. Accordingly, this enclosure provides a common DoD-wide list of the functional areas that must be considered when identifying DoD Management Headquarters and Headquarters Support activities and when accounting for their personnel resources. It is to be used in conjunction with the definition criteria in section C. and the identification criteria in section D. of the main body of this Directive.

A. Organizations with Primary Management Headquarters and Headquarters Support Missions

1. If an organization performs Management Headquarters or Headquarters Support functions, or a combination thereof, as its primary mission, all of its military and civilian personnel shall be counted in determining that organization's Management Headquarters and Headquarters Support strength.

2. This category includes:

a. The OSD, the Joint Staff, and the Defense Advanced Research Projects Agency in their entirety; designated headquarters elements of the OIG, DoD, the Defense Legal Services Agency, the Ballistic Missile Defense Organization, the Defense Security Assistance Agency, the Defense Special Weapons Agency; and the headquarters of the remaining Defense Agencies.

(3) Providing a combination of paragraphs A.2.e.(1) and (2), above.

B. Organizations with Substantial Management Headquarters and Headquarters Support Missions

1. If an organization does not meet the criteria in subsection D.1. of the main body of this Directive, but performs Management Headquarters or Headquarters Support functions, or a combination thereof, as a substantial

portion of its mission, all of its military and civilian personnel assigned to those constituent elements of the organization that devote more than 50 percent of their effort to the accomplishment of Management Headquarters or Headquarters Support functions shall be counted in determining the organization's overall Management Headquarters and Headquarters Support strength. As used in this context, the term "constituent elements" refers to the subunits of the organization, such as staff office, directorate, division, branch, section, or detachment.

2. This category includes:

a. Headquarters of the Naval Facilities Engineering and Systems Commands and of the commands involved in materiel acquisition, supply, and logistics management functions within the Army Materiel Command and the Air Force Materiel Command.
